

Supporting some of the UK's best loved nursing charities

© Marie Curie

The National Garden Scheme has been raising funds for charity through great gardens and great cake since 1927. Your donation today will help turn our celebration of gardens into vital support for the charities that have been impacted by the pandemic, and who are still on the frontline protecting us, and our loved-ones, from its effects. Our beneficiaries include Macmillan Cancer Support, Marie Curie, Carers Trust, Parkinson's UK, the Queen's Nursing Institute and Hospice UK.

Thank you for your support
