

HOW TO MAKE A FABULOUS FLOWER CROWN

YOU WILL NEED

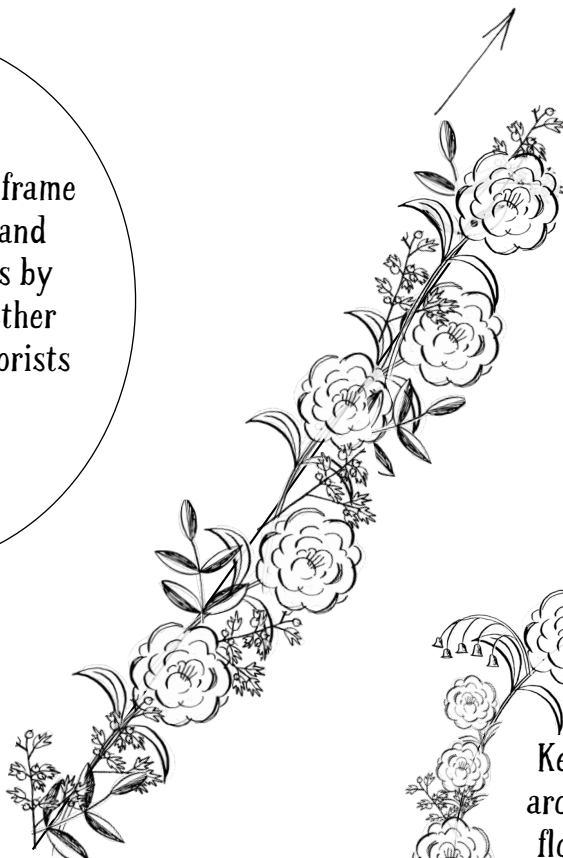

1. A frame to attach your flowers and foliage to
- it could be wire, an ivy stem or vine-
2. Ribbon, raffia, florist's tape or florists wire to attach your flowers to your frame
3. A pair of scissors or secateurs
4. Gorgeous flowers, foliage, berries etc with stems cut to c.8cm in length

i

Measure the crown's frame around your head and unite the loose ends by wrapping them together or using ribbon or florists tape to secure

ii

Working in one direction, wrap each floral element to the frame of the crown with tape, ribbon or florist wire

iii

Keep working your way around the frame adding flowers and foliage and ribbons too until your crown is complete!
Wear with pride :)
