

GARDEN ACTIVITIES

Parts of a flower

Can you label this picture with the 4 main parts of the plant?

1. Stem	2. Leaf	3. Roots	4. Flower
---------	---------	----------	-----------

Draw a line from each word to match it to its meaning.

- 1. Stem
- 2. Leaf
- 3. Roots
- 4. Flower

The part which anchors it to the ground or a support and gathers water and nutrients for the plant.

The stalk or main body of a plant.

The part which consists of the reproductive organs that are usually surrounded by colourful petals and green sepals.

A flat, usually green part that grows on the stem and makes food for the plant.

GARDEN OBSERVATIONS

Flowers and leaves

There are many different colours of flowers and shapes of leaves. How many can you see in the garden? Record them on the sheet.
