

Setting up your JustGiving Page

Creating your own JustGiving page is easy to do and it's a great way of raising money for your Great British Garden Party. Your guests, as well as those who are unable to attend, can donate online without the need to use cash. You can see how much you have raised and the funds come direct to the National Garden Scheme.

“

'It was so easy to set up a JustGiving page using the guidelines given – we would recommend that anyone hosting a party does the same. We sent the link out to all our friends and families with the invitation before the party and people were so generous - even those that could not come on the day' - Clare and Charles, Cornwall

”

Follow the steps below to set up your JustGiving page. Then take a look at JustGiving's top tips on personalising and sharing your page via the links below, to make it easy for people to donate and maximise the funds you raise.

Create your JustGiving page

1. You can set up your page to be linked to our Great British Garden Party JustGiving site by simply visiting the following website and clicking the orange 'Start Fundraising' button in the top righthand corner.

www.justgiving.com/campaign/greatbritishgardenparty2025

2. Follow JustGiving's easy process to create your own page. At the start you will be asked if you are taking part in an activity. Select **I'm doing my own activity**.

3. Next you will be asked about the details of your activity and about how much you aim to raise.
4. You then have the opportunity to personalise your page. It will be pre-populated with information about the Great British Garden Party but you can edit this to include what you are doing and why you are raising money for the National Garden Scheme.
5. You can also edit your web address - this is the link you will share when asking your supporters to donate. This can be personalised with your name or event title.
6. Next you will confirm the details you have added before clicking **Launch My Page**
7. Your page is now live and ready to share with your guests and other supporters.

Sharing your JustGiving page

You can share the link to your JustGiving page via an email message or through social media. Sending the link to your guests provides them with a quick and easy way to donate and gives them the opportunity to find out more about your event and the fantastic nursing and health charities that it will support, whether they're able to join you on the day or not

Boost your fundraising

Make sure you regularly update your page with stories of how you're preparing for your fundraising event. Sharing what you're up to helps to encourage more people to support you.
