

# Setting up your Just Giving Page

Creating your own Great British Garden Party JustGiving fundraising page is easy to do and it's a great way of raising money. Your guests, as well as those who are unable to attend, can donate online without the need to use cash. You can see how much you have raised and the funds come direct to the National Garden Scheme.

“

*'It was so easy to set up a JustGiving page using the guidelines given – we would recommend that anyone hosting a party does the same. We sent the link out to all our friends and families with the invitation before the party and people were so generous - even those that could not come on the day'*

*- Clare and Charles, Cornwall* ”

Below is a helpful guide on how to set up your JustGiving page, as well as some handy tips on how to get the best out of it.

## Create your JustGiving fundraising page

1. You can set up your fundraising page to be linked to our National Garden Scheme Great British Garden Party JustGiving site by simply visiting [justgiving.com/campaign/greatbritishgardenparty2026](https://justgiving.com/campaign/greatbritishgardenparty2026) and clicking the orange 'Start Fundraising' button in the top righthand corner.
2. You will need to ensure you are logged on to JustGiving. Then follow JustGiving's simple step by step process to create your own fundraising page.
3. Every JustGiving page is customisable and personalising your page can make a difference to the donations you receive. You can tell your guests and supporters about why you've decided to take part in the Great British Garden Party, how you are raising funds, your fundraising target and how much their support would mean to you.
4. Choose your web address. This is the link you will share when asking your guests and supporters to donate. This can be personalised with your name or event title.

5. There will be a default image on the page but you can replace this with one of your own if you wish. When you are finished click 'Launch my page.'

Now your JustGiving page has been created you can share the link and start raising money for the National Garden Scheme and the vital nursing and health charities we support.

## Sharing your JustGiving page

Share the link to your fundraising page via an email message or through social media. Providing everyone with a quick and easy way to donate (a link to your JustGiving page), allows them to find out more about your event and the fantastic nursing and health charities that it will support, encouraging them to donate – whether they're able to join you on the day or not

## Boost your fundraising

You can boost your fundraising by regularly update your page with stories of how you're preparing for your fundraising event. Sharing what you're up to helps to encourage more people to support you, and at the end of the event you can send the link again to let your guests know how much you raised.
